

Streamer^{XL} Adaptor

Connect your MHL enabled Smartphone to your HD TV

IBMHL-33201

VIEW MEDIA CONTENT AND PLAY GAMES ON YOUR HD TV

No HDMI Cable or Wall Charger included

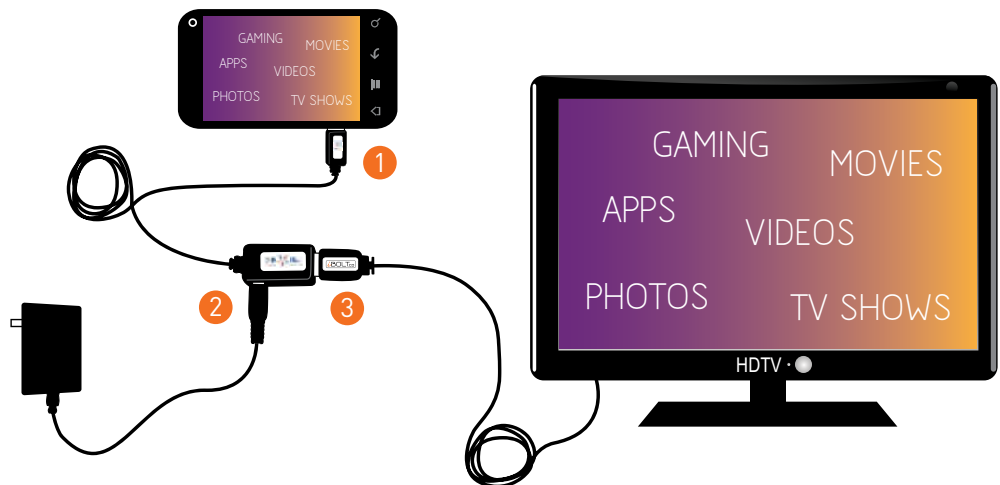

The **iBOLT Streamer^{XL} Kit** will mirror the content from your MHL enabled* Android phone screen to the High Definition TV. Whatever is viewed on the screen of the phone is also seen on the TV screen at the same time, all in glorious high definition.

Enjoy watching up to 1080 dpi resolution** videos, photos on the TV. Video content is transferred up to 60 frames per second (fps) rate, allowing for optimal viewing quality. The sound is transferred using Dolby 7.1 channel surround sound.

Stream movies, videos and photos, listen to music or play interactive games from any application; the options are limitless!

EASY SET UP

1. Connect HML enabled cable from Streamer^{XL} Adaptor to Smartphone
2. Plug in wall charger and connect to Streamer^{XL} Adaptor
3. Attach HDMI cable between HD TV and Streamer^{XL} Adaptor

RETAIL PACKAGE SIZE:

Without tab: 3.5" [8.9cm] wide X 4.25" [10.8cm] tall X 1.5" [3.8cm] deep
With tab: 3.5" [8.9cm] wide X 5.5" [14cm] tall X 1.5" [3.8cm] deep

* The Streamer^{XL} Kit only works with MHL enabled phones, please confirm before purchasing that your phone is compatible or visit www.ibolt.co/mhl for additional information.

** Actual viewing resolution depends solely on the quality of the source content. Much of the video quality available on the internet is substantially lower quality than so called „high definition“ video, which is either 720 or 1080 resolution.

No HDMI Cable or Wall Charger included
